

# Industrial Heating Products and Solutions

## RAYCHEM

### ELECTRICAL HEAT-TRACING SYSTEMS

- Self-Regulating Heating Cables and Components
- Power-Limiting Heating Cables and Components
- Mineral Insulated Heating Cables and Components (XM)
- Series Resistance Heating Cables and Components (SC)
- Skin-Effect Heat Tracing System (STS)

### ADVANCED HEAT-TRACING CONTROL & MONITORING SYSTEMS

- Single, Dual, and Multiple Circuit Systems
- Dedicated Power Distribution and Monitoring Panels
- Supervisory Software
- Thermostats
- RTDs

## TRACER

### TURNKEY SERVICES & ENGINEERING PRODUCTS

- Experts in Heat Management System Solutions
- Electric and Steam Tracing Systems
- Engineering, Design, and Installation
- Fully Trained Electrical, Mechanical, and Insulation Personnel
- Commissioning, Audit/MRO Site Services
- Trac-Loc Tank Insulation System

## PYROTENAX

### FIRE-RATED INDUSTRIAL WIRING

- Mineral Insulated Cables
- Circuit Integrity Wiring for Critical Applications
- High Temperature and Hazardous Locations

## TRACECALC

### HEAT-TRACE DESIGN SOFTWARE

- Guided, Step-by-Step Project Design
- System Design Data Access (Pipe Heat Loss, Circuits, Electrical Loads, Sheath Temperatures)
- Full Design Reporting for Straightforward Procurement

## TRACEPAK

### ELECTRIC & STEAM TRACED TUBING BUNDLES

- Freeze Protection or Temperature Maintenance
- Industry Partnership Between nVent and Ametek-O'Brien
- Insulated and Weatherproofed, Jacketed Tubing

## VIPAK

### INSTRUMENT ENCLOSURE SYSTEMS

- Protection from Elements and Corrosion
- Single and Multiple Instrument Capacity
- Instrumentation Winterization Loops
